

# GEL ALOE VERA

LIPOSOLUBLE  
WAXES

01/ 21

- BETTER ADHESION TO HAIRS
- WITH ALOE VERA EXTRACT
- FOR SENSITIVE SKIN

Aloe liposoluble wax is made from odourless, colourless **hypo-allergenic resins** that guarantee a gentle, effective hair removal treatment. This wax comes as a gel, combining the best adhesion with a special formulation of **certified oils** and synthetic resins; this provides a product that cares for the skin and ensures thorough, lasting, hypo-allergenic hair removal.

With a delicious Aloe fragrance.  
It is green in colour with a clear base.

| Formula      |                       |  |                  |
