

BODY FIRM

FIRMING GEL BANDAGES COLD EFFECT WITH MENTHOL AND PANTHENOL

Rapidly absorbed cold effect gel indicated for toning the skin, stimulating the superficial circulation of the lower limbs, giving a feeling of lightness to swollen heavy legs and keeping the skin compact. Firming Gel Bandages Cold Effect can be used alone or in combination with the Ready to use Saline Bandages (K1074), for an intensive and effective treatment. The felt cold effect is subjective and varies according to skin type and external temperature.

What skin type and at what age?

Firming Gel Bandages Cold Effect is suitable for all skin types and helps to improve conditions of capillary fragility, swelling and heaviness of the lower limbs. The product can be used at any age.

How to use?

1. To promote absorption, use the product after exfoliating the skin surface of the area to be treated.
2. Apply the gel directly to the skin and promote absorption by massaging with circular movements from bottom to top.
3. Using the product with Ready to use Saline Bandages Cold Effect (K1074): spread a generous layer of Firming Gel Bandages Cold Effect; make a spiral bandage with Saline Bandages; leave on for at least 30 minutes; remove the bandages without rinsing.
4. The use of Saline Bandages with Firming Gel is recommended in combination with pressotherapy sessions (if in possession of the equipment) for concrete and immediate results.

5. The use of slimming and toning products is not recommended during pregnancy and breastfeeding.

Focus on

MENTHOL: extracted from Mint Essential Oil, it has an important refreshing and soothing action for heavy legs. The cold effect of Menthol complements the invigorating benefits of the other functional ingredients.

PANTHENOL: also known as Vitamin B5, is characterized by regenerating and soothing properties. It keeps the skin elastic and protected.

MINT ESSENTIAL OIL: obtained from the leaves of the Mint plant, its refreshing action stimulates surface microcirculation and the absorption of the ingredients with which it is mixed.

VITAMIN C: excellent antioxidant that fights free radicals; purifies the skin by attenuating the skin imperfections of impure skin and enhances the action of the ingredients with which it is mixed.

Use it in synergy with:

1. **K1005 - Firming Cream with Hops and Shea Butter:** firming body cream to nourish, tone and smooth the toneless skin.
2. **K1027 - Firming Lotion Bandages Cold Effect with Horse Chestnut and Menthol:** it is ideal for making bandages against swelling and heaviness in the legs, for firmer and fresher skin.
3. **K1018 - Firming Gel Bandages Cold Effect with Menthol and Panthenol:** cold effect gel that soothes swelling and heaviness of the lower limbs, ideal to use with body bandages.
4. **K1097 - Hops Elasticizing:** ideal serum for the treatment of toneless skin and for achieving elasticized, firmed and toned skin.
