

FACE CLEANSE

PURIFYING CLEANSING GEL WITH TEA TREE OIL

Face cleanser with gel texture that cleanses and purifies all skin types, helping to counteract skin imperfections and control the production of sebum. Used in the morning and evening, the cleanser helps to dull the skin, reducing the gloss caused by excessive sebum production and preventing the formation of pimples and blackheads. Used daily Purifying Cleansing Gel contributes to uniform the color and texture of the complexion, helps to obtain a radiant and purified skin.

What skin type and at what age?

Thanks to the purifying action, the product is particularly suitable for combination, oily, acne-prone skin and with visible and enlarged pores. It can be used at any age and is suitable for both young and mature skin.

How to use?

1. Use Purifying Cleansing Gel as the first step of your beauty routine, or after removing the make-up with a special makeup remover product.
2. Moisten the skin of the face and apply the product to the skin surface.
3. Massage gently with circular movements and rinse thoroughly with warm water.

Focus on

TEA TREE OIL: essential oil with regenerating and refreshing properties, obtained by steam distillation of Melaleuca leaves. Suitable for impure and acne skin, purifies the skin while maintaining the natural skin functions and the natural lipid balance.

VEGETABLE GLYCERIN: obtained from vegetable oils and fats, has emollient properties.

Use it in synergy with:

1. **K1042 - Softening Tonic with Panthenol:** fresh and delicate lotion that helps to restore the hydrolipidic balance of the skin.
2. **K1057 - Azelaic acid derivative - Purifying:** Face Active that reduces the production of sebum and helps to treat acne blemishes.
3. **K1062 - Purifying Gel Mask with Tea Tree Oil and Lavender:** face mask that helps to control the production of sebum, acting on the imperfections typical of oily and mixed skin.
4. **K1038 - Acid Cream pH 3,5 stabilized:** cream that restores and protects the skin barrier by acting against irritation and inflammation.
