

# FACE BALANCE

**PURIFYING CREAM**  
WITH TEA TREE OIL AND ALOE VERA

Cream with a light texture and easy absorption that purifies combination and oil skin, counteracting imperfections and giving the face a matt effect. It maintains the natural production of sebum, frees the clogged pores and ensures an astringent and purifying action. In the formula are also active moisturizers to balance the purifying action.

### What skin type and at what age?

The use of Purifying Cream is indicated for mixed and oily skin, which present impurities and excess of sebum.

### How to use?

1. Use Purifying Cream on previously cleansed skin.
2. Apply on face and massage until completely absorbed.

### Focus on

**TEA TREE OIL:** essential oil with regenerating and refreshing properties, obtained by steam distillation of Melaleuca leaves. Suitable for impure and acne skin, purifies the skin while maintaining the natural skin functions and the natural lipid balance.

**ALOE VERA:** known for its soothing, emollient and moisturizing properties. It softens and refreshes the skin.

**LAVENDER ESSENTIAL OIL:** extract from lavender flowers, has astringent and purifying properties suitable for combination and oily skin.

**SAGE EXTRACT:** obtained from the Sage plant, known for its astringent, purifying and balancing action. It attenuates impurities, enlarged pores and excess of sebum.

**MALLOW EXTRACT:** obtained from the leaves of the herbaceous plant of Mallow, plays an intense emollient, softening and refreshing.

**ELDERBERRY EXTRACT:** extract from the flowers of elder, stimulates the vitality of the epidermis and protects the skin from redness and irritation.

**CALENDULA EXTRACT:** obtained through the extraction of the flowers of the Calendula plant and characterized by emollient and soothing properties, indicated for easily irritable skin.

### Use it in synergy with:

1. **K1041 - Purifying Cleansing Gel with Tea Tree Oil:** cleanser that purifies the epidermis by eliminating impurities and excess of sebum, typical of mixed, oily and acne-prone skin.
2. **K1042 - Softening Tonic with Panthenol:** fresh and delicate lotion that helps to restore the hydrolipidic balance of the skin.
3. **K1057 - Azelaic Acid Derivative Purifying:** Face Active that reduces the production of sebum and helps to treat acne blemishes.
4. **K2007U - Moisturizing Protective Cream Normal and Dry Skins with Hyaluronic Acid:** cream that protects the skin from the action of the sun's rays and gives hydration, preventing skin dryness.
